Regarding Information Technology Services (ITS) Sole Source Certification Number 4381 for Laboratory Information Management System (LIMS) software and support for the Mississippi Department of Environmental Quality (MDEQ), please be advised that no objections were received and pending successful contract negotiations, the award will be made to Labworks LLC through June 30, 2022, in an amount not-to-exceed \$38,574.00. The State intends to competitively re-procure a new LIMS for MDEQ by June 30, 2022. If the competitive procurement is not complete by June 30, 2022, then this Sole Source certification is valid until a new vendor is selected and conversion is completed, but shall not go beyond June 30, 2024 without a recertification.

Please be advised that ITS will determine if additional software or support is within scope during the certification period and may increase the spending authority accordingly. Should Labworks LLC change its name during the certification period, then ITS will determine if a recertification is necessary.
